

# Project Experience

## Overseas Immersion Program for English Language

### Dates

Feb 2007 – June 2007

### The Project

A number of experts from Flinders University coordinated the development of an academic program designed to give ESL background teachers exposure in an authentic English speaking culture to aid them in teaching English as a second language. The program involves school placement and school visits, cultural activities and visits, and home-stay arrangements to ensure total Immersion into the Australian culture and English language.
